ENGLISH

Department

If you appreciate the power of language to inform, describe, persuade, and entertain, studying English is an opportunity to deepen understanding – and even harness that power yourself. In the process, English students develop valuable skills for the workplace and study in any field.

Occupations

Studying English prepares you for a broad, diverse range of professional fields, including education, law, journalism, publishing, medicine, entertainment and fine arts. Indeed, every career or discipline depends on those who can effectively communicate, so no matter what your area of interest, English courses can make you a more effective and well-rounded job candidate.

- Educators
- Journalists
- Lawyers
- Technical writers
- Digital content strategists
