

# COMPUTER STUDIES

---

## Department

Digital isn't the future – it's here now. The demand for web and computer experts is growing exponentially. Even entry-level computer technicians are highly coveted, and the job potential is limitless. This makes the study of computers a practical choice, but it's also an exciting one. At its core, Computer Studies is truly the study of problem-solving, requiring a combination of creative, intellectual, and analytical skills. You don't need any experience to get started on the journey toward a degree that has high value in the job market today.

### Occupations

NVC graduates have the skills to be the go-to technology expert in a range of business settings. Email, online applications, digital marketing, and business software are widely used in every sector, from non-profit organizations to digital startups, and organizations need employees who can resolve everyday technology questions.

- Office managers
- Help desk technicians
- Database specialists
- Project coordinators
- Computer programmers
- Information Systems managers
- Computer scientists

## Contact Information

### Division

Science and Engineering  
Building 1000  
Phone: (707) 256-7727
